# CLAY CAMPBELL

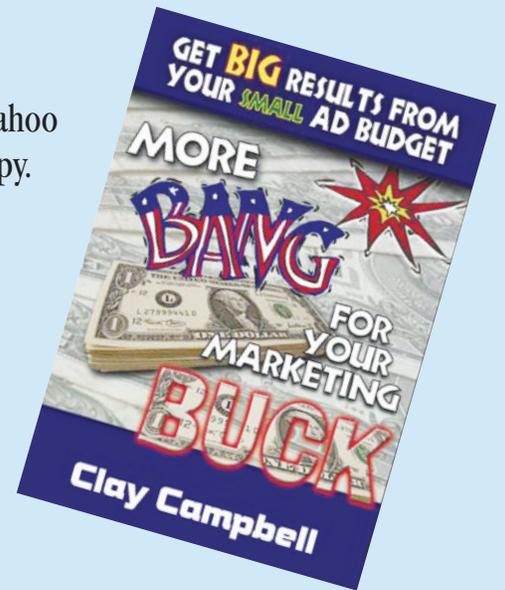

will help you Get BIG Results  
From A Small Ad Budget

## Clay will show you how to:

1. Build a huge email database of customers
2. Raise your rank in the search engines to the first page of Google and Yahoo
3. Avoid the five words that are the kiss of death in any advertising copy.
4. Buy good "word of mouth advertising"
5. A new way to market if you have no money

## *A very practical "More Bang" presentation.*

There's a simple marketing technique for those times you have **more ambition than money**. It's not only highly effective, but it's also **INVISIBLE** to your competitors. Best of all, your only limit to the numbers of customers you can draw to your business is the amount of time you're willing to put into this highly-effective tactic.

Conventions, Companies, Schools, Chambers of Commerce and Service Organizations.
